Name _____

Database

Example Citation:

"sea turtle." *Britannica School*. Encyclopædia Britannica, Inc., 2013. Web. 19 Sep. 2013. <<http://school.eb.com/levels/middle/article/585354>>.

YOU DO NOT NEED TO MAKE A CITATION FOR A DATABASE SOURCE!

YOU MUST INSTEAD RETRIEVE THE CITATION PROVIDED BY THE DATABASE AND INSERT IT INTO YOUR WORKS CITED!

Britannica Online - Citation located at the top right corner of the webpage. Look for the icon that looks like a box with a check mark. MLA style should be selected by default.

Copy & Paste these premade citations into your Google Document uploaded from Easybib.com

Use the first major/big word in the database citation to determine where it belongs in the list of Easybib.com citations. The list is organized alphabetically. Ex. "sea turtle" would be alphabetized by the 'S' in SEA.

Type the annotation directly after the period following the database article web address/ URL.

ADD ANNOTATION =
