To Whom It May Concern;

Ms. Christine Watson has asked me to provide a letter of reference. It is my pleasure to do so as Ms. Watson has been a great employee and fine individual.

Ms. Watson is currently serving as our district's media literacy specialist. She is responsible for everything that is associated with running the libraries located in the elementary and junior/senior high school. Ms. Watson also teaches a media literacy course to our junior high students. She is also the advisor for a group of students who compete in a reading program called "Battle of the Books". This is a state wide competition and our students placed 4th last year. Christine is a member of our Leadership Team and Technology Committee. According to our records, this is Ms. Watson's second year at Wapello Jr./Sr. High School and her third year in teaching.

Ms. Watson has done a fantastic job with our media literacy program. She has made the library an educational center instead of a place where students only come to socialize. Our collection of books has been updated and she does a great job of ordering books that our students enjoy reading. Her technology skills are outstanding. Ms. Watson loves going into the classrooms and teaching students how they can use technology when doing research and writing essays.

Ms. Watson has proven herself to be a person of integrity; she has a solid moral center and will always do what is right for students. Her fellow educators like her and respect her. I find her to be a valued member of any team, someone who listens well and offers solutions. Christine Watson has the strength and character that is so important in the role of an educational leader. Her leadership skills make her a strong candidate for any teaching position that she is qualified for. Any school, community, or search committee would be well advised to give her application serious consideration. If I can be of further assistance in this endeavor, please do not hesitate to call me at 319-523-3241.

Sincerely,

Steve Bohlen, Principal
Wapello High School
