CREATE NEW EDIT

wevideo Dashboard Projects Media Videos Groups

Hi Christine

USED TIME
01m:28s
of 2550h:00m:00s

Create a new edit

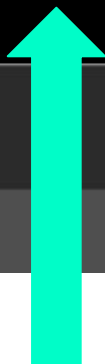

Blank edit

Choose a template

Word problem K-12

Event promo K-12

At The Talent Show!

CREATE NEW EDIT

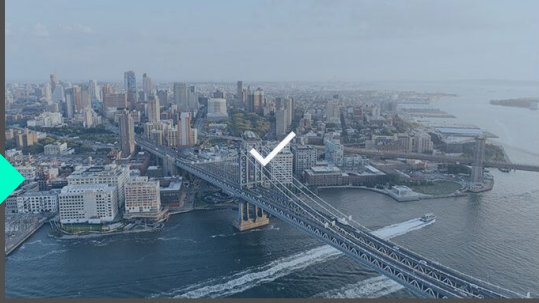

Horizontal

Make sure edit is in the
correct project

Let's get started

Choose a format (this can be changed at any time).

Where do you want to save this edit? (select a project)

Local Bookstore ▼

[BACK TO DASHBOARD](#) [START EDITING](#)

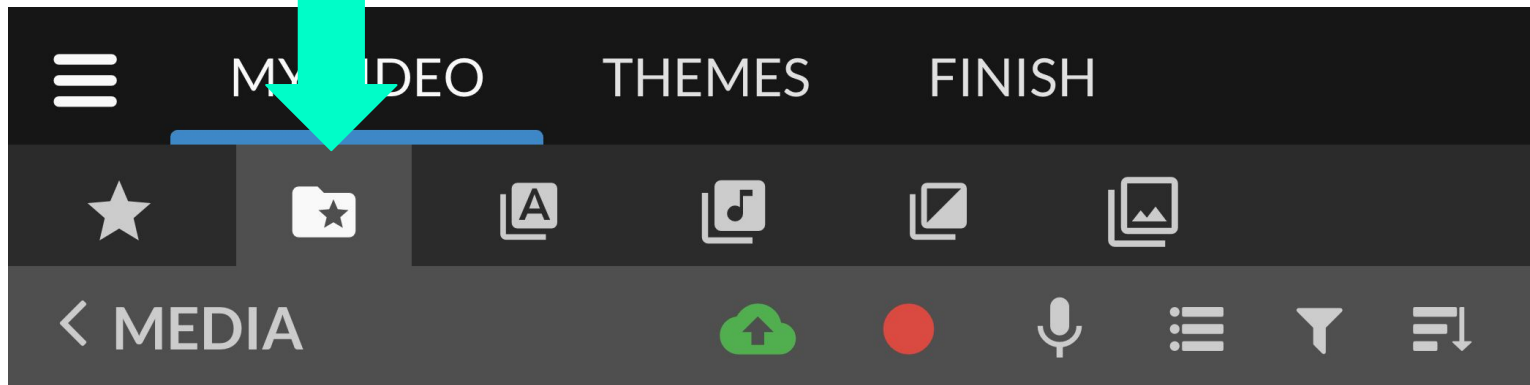

INSERT MEDIA INTO VIDEO

Go to **Media Folder**

Drag media into Video 1 & 2

Video 1 = Image or background

Video 2 = Green Screen Video

SOUND EDITING

Show Audio for Green Screen Video

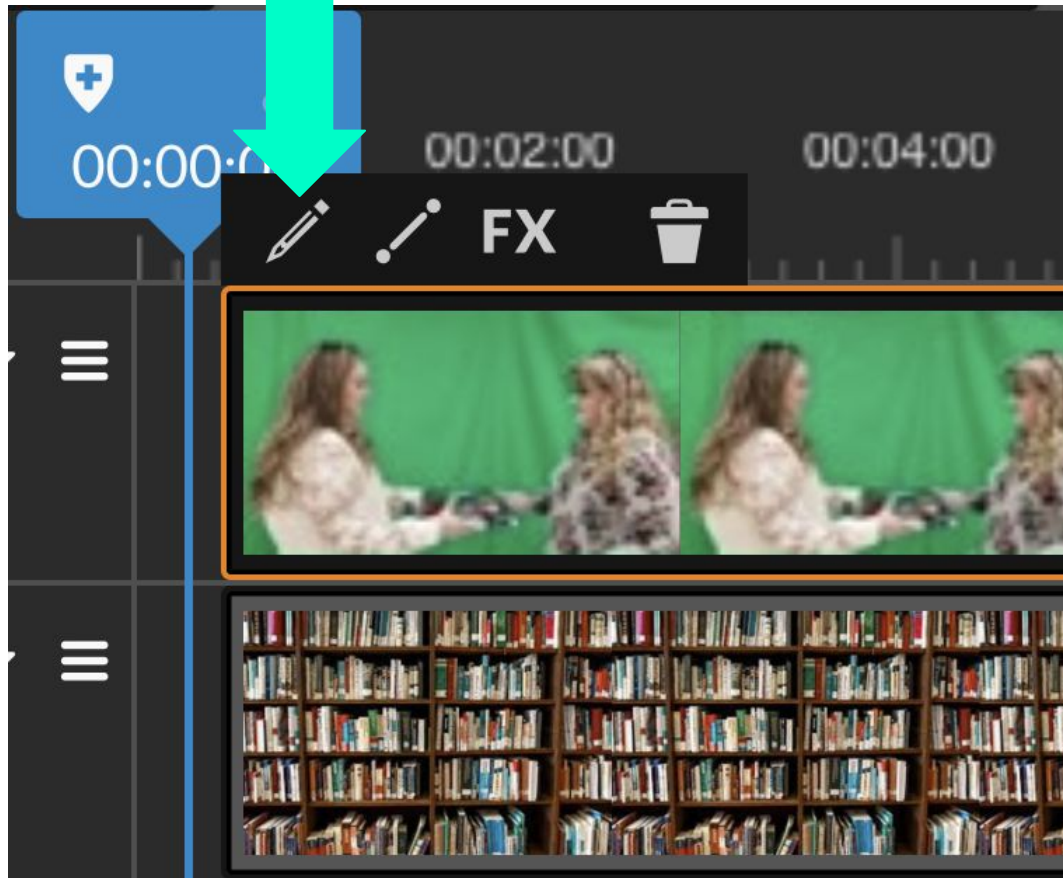

- Drop down menu
- Select widest rectangle

The screenshot displays the WeVideo web interface. At the top, there are navigation tabs for 'Dashboard', 'Projects', 'Media', 'Videos', and 'Groups'. Below this, a dark navigation bar contains 'MY VIDEO', 'THEMES', and 'FINISH'. A secondary bar includes icons for a star, folder, document, social media, and image. The main area is titled '< MEDIA' and shows a grid of video thumbnails with IDs like '20160915_092918'. On the left, there are folders for 'My media', 'Shared', and 'Project media'. At the bottom, a timeline shows a video track labeled 'Video 2' with a green screen and an audio waveform. A large red arrow points to the 'Show Audio' icon (a blue rectangle) in the video track's dropdown menu. Below the video track are tracks for 'Video 1' and 'Audio 1'.

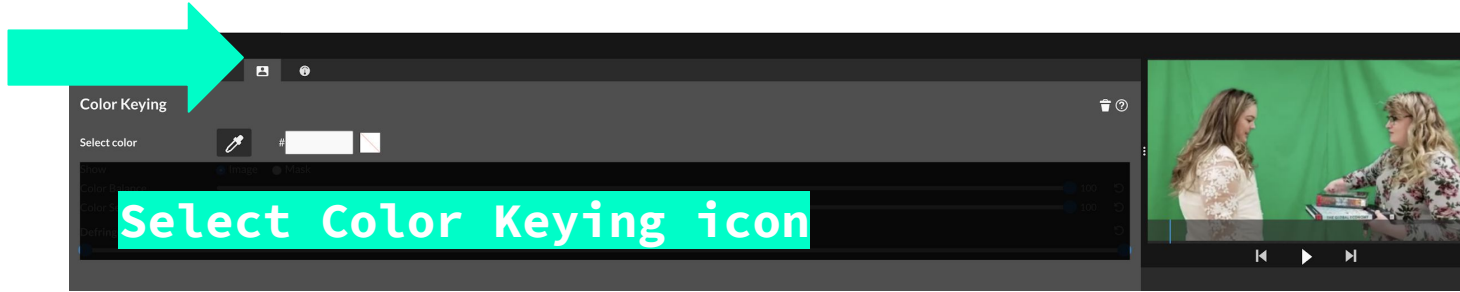

GREEN SCREEN EDITING

Select Green Screen Video in the editor

Select **pencil** tool
